

Extreema® webbing sling

Extreema® synthetic webbing slings are made with 100% Dyneema®, for inconvenient and tough lifting jobs. The lifting capacity ranges from WLL 1T up to WLL 20T straight lift.

The sling is constructed with a re-inforced eye/eye at both ends.
Available in widths: 50mm, 100mm

Features:

- Flexible and soft, easy to handle
- Good resistance to chemicals
- High resistance against acid treatment
- Does not absorb water
- Extremely high resistance to UV exposure
- Cost saving, long service life
- No scrap, no damage to payload

Always use protection when hoisting over sharp corners
